

Cormano 19 November 2024

## ANNOUNCEMENT

### Merger Adler Ortho SpA – Novagenit S.r.l.

We are pleased to announce that, on December 20<sup>th</sup>, 2024, Adler Ortho SpA will incorporate Novagenit S.r.l.

Adler Ortho S.p.A. owned already 100% of the Novagenit S.r.l. shares, and it already provides a series of services to its parent company.

This incorporation has the function of simplifying and optimizing the Company structure.

Starting from December 20<sup>th</sup>, 2024, the Novagenit® brand will remain as an identifier of the family of Adler Ortho® bio-absorbable medical devices.

#### **Information about Adler Ortho SpA and Novagenit S.r.l.**

**Adler Ortho SpA** is a privately owned Italian company, based in Cormano (Milan), specialized in the development, production and sale of medical devices for Orthopedics. The Company is a Worldwide leader in the field of 3D printed products and Custom Made implants.

**Novagenit S.r.l.** is based in Mezzolombardo (Trento), specialized in the development and sale of bio-absorbable products mainly based on hyaluronic acid. The company is known for the DAC® hydro-gel designed for the prevention of post-surgical infections.
